Sasparilla Starr is talking to Teton Tracy and Lady Gunrunner. Being a new shooter, I'm sure she was getting pointers on gaming the stages.

Marshlan seems to be thinking, "They want me to do what???"

Now he has the scenario figured out and gives it a run with his rifle.

Anything Marshlan can do, Sundown Charlie can do better . . . at least that's what he thinks. HA!!

Sundown Charlie is plinking those targets as Teton Tracy times him.

Following are photos of our new shooters. We hope they had a great time and will come play with us again. We won't pick on them **yet** since they are new but just look out in the future . . . HA!!!

He has his bead on the targets and lets it fly!

Now it's time to work the shotgun.

Oh no! I think it might have been a stealth bullet.

Let me load 2 more. I know I can hit 'em!

He is working the rifle now.

Steady the hands and pull the trigger.

Got the head down on the stock, got the target in my sight, and listenin' for the plink!
